

CREDIT & COMPLIANCE

# ENSURE YOUR DEALERSHIP'S COMPLIANCE

CDK Credit & Compliance tools are embedded within your workflow and designed to simplify, control and track the timely completion of required tasks – minimizing risk, supporting cashable contracts and forms offering a streamlined, secure consumer experience.

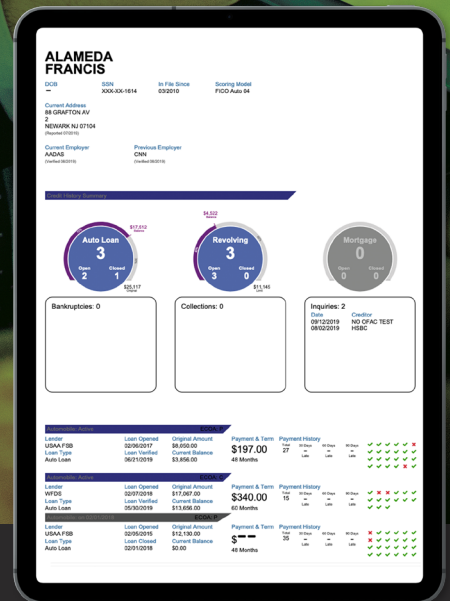

## Minimize your risk when running credit

### Credit

- Eliminate “patchwork” solutions from multiple providers
- Reduce data entry time and mistakes with integrations from Consumer Credit Online to ELEAD CRM and Desking through F&I
- Reduce multiple requests for personal information and prevent the sales process from slowing down and frustrating consumers

### Compliance

- Minimize the cost of noncompliance and reduce missed steps, which could result in significant penalties
- One solution with your compliance forms in one place
  - Red Flag, Out of Wallet, OFAC, Fair Lending, Adverse Action, Credit Disclosure with Risk-Based Pricing and Privacy Notices
- F&I integration means that 100 percent of your deals are tracked

# \$792,000

Estimated average that noncompliance costs dealers per year in lost profit\*
